**DE-SNARING REPORT
MARCH 2013**

CHYULU/DUMA TEAM

Chyulu/Duma Team

De-Snaring Report for March, 2013

Participants

David	Musomba
Samuel	Lolchuraki
Joshua	Muthoke
John	Mungai
Samuel	Adero
David	Wambua
Daniel	Lelekoiten

Areas Patrolled

Utu
Umani
mukururo
Kisula
Kikunduku
Kibwezi Forest
Kiboko
Kenzili
Kenze
Kaunguni

Arrests

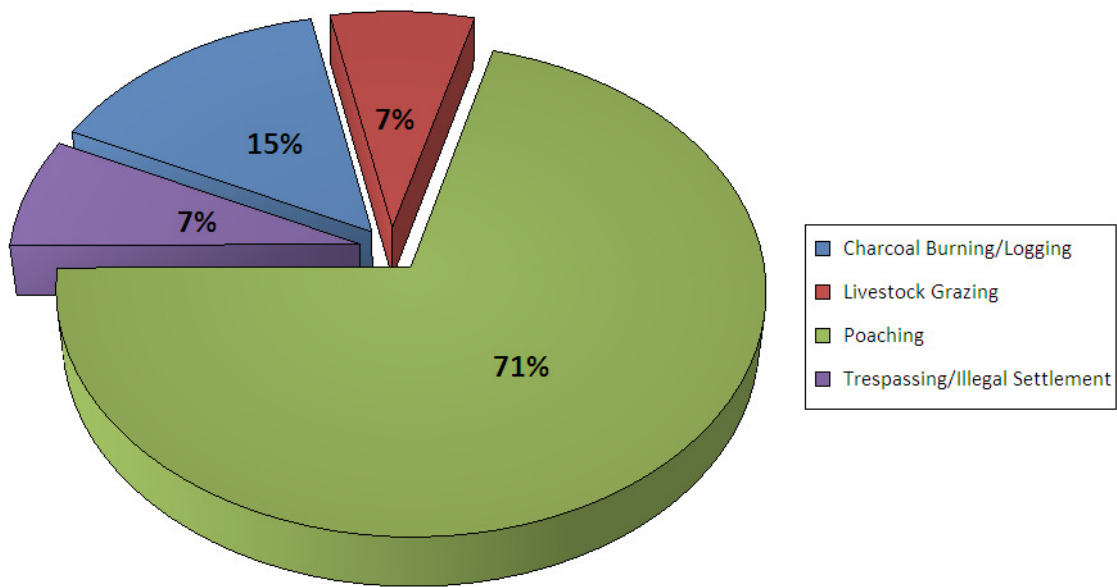

8 Arrest(s) this month

Wildlife Carcasses - Number, Species, Cause of Death

No. Carcasses	Species	Cause of Death	Means of Death	Carcass Age
1	Bushbuck	Poached	Snared	Fresh (less than 3 weeks)

Chyulu/Duma Team

De-Snaring Report for March, 2013

Monthly Summary

DUMA MARCH 2013 DESNARING SUMMARY

The team was based at Kenze and operated jointly with Mamba, because they are short of patrol personnel. During the month of March, the team patrolled, Umani, Kenzili, Kaunguni, Kibwezi forest, Mukururo and Kiboko areas. Within Kibwezi forest, only the area outside the fence, near Kibwezi town, has continued to be degraded. Cutting down of trees, and a Kiln near Nduwa sisal estate, showed a sign of human illegal activities. The area need to be fenced also. Wayani gate was also vandalized and stolen at night one of the nights. It was agreed that the community will investigate the person who did that.

At Kaunguni, one treasure hunter was arrested, deep in the park. He was seeking mercury in Chyulu caves but was not successful.

The team was asked by company commander Tsavo west too jointly patrol with Bonham scouts and KWS, Mukururo rhino area, to trace an alleged snared rhino. The teams managed to locate 3 big snares targeting rhino and removed them. The teams patrolled the area for several days but the animal was not seen. We presume that the animal is safe. At Kiboko, seven charcoal burners were arrested. This remains a major charcoal burning hotspot. The team intends to keep on patrolling in this area.

Report by,
Adero.
